

Andrew's Trip to the Happiest Place on Earth...

Andrew is a rockin' ten-year-old. He listens to his favorite Christian rock band, Reliant K, all the time. He plays video games with his brothers and sisters and loves to watch the Colts play on TV.

When asked what his one, true wish would be, Andrew had plenty of ideas. The one, big wish that stood out in his mind was to go to Walt Disney Land in sunny California!

With a little help from the Make-A-Wish Foundation[®] of North Texas, Andrew's wish came true and Andrew and his family were getting on a plane to beautiful California and on their way to Disneyland!!!

Before they could set out to see Disneyland, Andrew and his family checked into the Pirates of the Caribbean Suite at the Paradise Piedmont Hotel. When Andrew entered the suite, he could not have been more excited: big windows overlooking the park and flat screen TV's everywhere!!! Andrew was so happy with his suite that he wasn't even sure he needed to leave the room for any more fun!

Fortunately, Andrew and his family did venture out and experience many wonderful moments on their trip: dinner at Medieval Times, meeting Pluto at Breakfast in Goofy's Kitchen, and riding many rides at California Adventure and Universal Studios. Of course, at night when Andrew and his family returned to the magical suite, they watched the fireworks from the big windows.

Some of Andrew's favorite moments were playing at Knott's Berry Farm, Space Mountain at Disneyland, and relaxing in Disney's wish lounge. The trip was everything Andrew dreamed it would be and more! He loved his Disneyland adventure and was so happy to share such a magical trip with his family. For Andrew, the Disneyland experience gave him renewed hope for the future, strength for his fight ahead, and joy that filled his heart.
